## 1. General Information

- **Date:** 15/06/2025
- **Group:** 3
- **Team members present:**
  - Bùi Hải Long
  - Huỳnh Tuấn Phong
  - Nguyễn Gia Huy
  - Phạm Nam Huyền
  - Nguyễn Thị Trà My

## 2. Sprint review

- **What went well**
  - Finished and revise Vision document
  - Finished and revise Project development plan
  - Finished initial version for Use-case model and specification
  - Initial Prototype for note taking feature.
- **What went wrong**
  - The UI general design have to be delay to next sprint,
  - The initial version of Use-case model need major revise
- **Problems and caused**
  - As the scope of the Use-case specification became clearer, we recognized the need for additional support. To maintain quality and meet our goals, we flexibly reallocated two team members from the UI design task to assist with documentation, resulting in a slight adjustment to our timeline.
- **Improve the next sprint**
  - Validate tasks early to assign team members correctly and prevent delay.
  - Possibly consult the instructor for clarity on Project Assignment.
- **Lessons**
  - Team members have to understand each other's work so they can easily assist with tasks and be reallocated if needed.
  - Clarity in tasks and between team members is essential in working efficiently as a team.

## 3. Summary

The team has made progress in defining and designing use-case for the app. Thus have a clearer understanding of how the app works and how it helps the end users. We also make progress in developing and prototyping the baseline feature for the app such as basic note taking in markdown and file creating. It's all thanks to everyone's hard work.
